

ADVANCED WARNING VEHICLES

STREAMLINE YOUR ROAD MAINTENANCE WITH AUSROAD PLANT SERVICES

Ausroad Plant Services is proud to expand its hire equipment services in Queensland and New South Wales with the addition of Advanced Warning Vehicles and qualified traffic controllers.

Our comprehensive solution ensures your road maintenance projects run smoothly and safely.

ADVANCED WARNING VEHICLES

Our fleet of vehicles is equipped with:

- GPS tracking for real-time monitoring
- Compliant signage demarcation tailored to your specific project needs

QUALIFIED AND CERTIFIED OPERATORS

Our operators hold the necessary qualifications, including:

- Traffic Controller RIIS00054
- Implement and Manage Traffic Plan RIWHS302E
- Transport for NSW Vehicle Class 741B

ONE COMPANY, ONE POINT OF CONTACT

With Ausroad Plant Services, you can simplify your communication and project management. Our all-in-one service allows you to engage with a single company for all your road maintenance requirements, ensuring seamless coordination and execution.

WET HIRE SOLUTIONS FOR ROAD MAINTENANCE AND EVENTS

We offer wet hire options for road maintenance and event purposes, providing you with a comprehensive solution that meets your specific requirements. Our team is happy to supply end-to-end solutions to ensure your project's success.
